Memorandum

The OATN consulted the Electrical Engineering Technology and the Physics TAG Review Panels regarding the course alignments based upon credit recommendations from the American Council on Education (ACE). Both TAG Review Panels provided unanimous approval for the alignments.

In an effort to ensure that institutions and military students alike have access to this MTAG information, OBR will be posting MTAG information on www.ohiohighered.org and transfercredit.ohio.gov. OBR is encouraging institutions to take advantage of using [Transferology™](#) to post all course equivalencies, including the statewide course equivalencies for military training, experience, and coursework, as this service is free to all Ohio institutions.

As a reminder, [Directive 2014-22](#) provides a baseline set of standards and procedures for the awarding of college credit for military training, experience, and coursework.

For more information about the MTAG process or the MTAGs listed above, please contact Hideo Tsuchida at (614) 644-0642, or htsuchida@regents.state.oh.us.
