SCHOOL DEBT PROCEDURES REFERENCE GUIDE

There is much confusion from School Certifying Officials on how school debts are established and more importantly, the actions schools need to take to clear a school debt. The goal of this School Debts Procedures Reference is to help:

- Determine why school debts are established (7 reasons for a school debt).
- Understand what agencies are tasked to establish and process school debts.
- Give you a step-by-step set of options to help you resolve school debt issues.
  - Option 1 - Agree to Pay the Debt
  - Option 2 - The amount of the Debt is incorrect
  - Option 3 - School sent check to the RPO
  - Option 4 - School sent overpayment to the student
  - Option 5 - The Notice of Indebtedness from DMC was unexpected.
  - Option 6 – Switching a school debt to a student debt

NOTE: With the recent addition of the Treasury Offset Program (TOP) in debt collection procedures, schools that have failed to act or have been unsuccessful at mitigating their VA based school debts have found that the Treasury Offset Program has withheld other federal funds from being distributed to their school. This has caused both frustration and concerns from School Officials charged with ensuring that anticipated federal government payments to schools are received. A regimented timeline has been implemented by VA in order to clear debts.

Warning: After DMC has issued 3 Notices of Indebtedness, your debt is transferred to the Treasury Offset Program.

I would recommend that you print off a copy of this guide for yourself and one for your staff that are responsible for school debts.

1. Department of Veterans Affairs (VA) – Veterans Benefits Administration (VBA) – ST Louis Regional Processing Office (RPO). Processes school certifications, adjustments, and amendments of all Central Region VA approved Educational Facilities and initiates overpayment action if warranted. Sends informational copy of overpayment reason and debt amount to applicable schools. Assists Debt Management Center in clarifying and/or mitigating debt inquiries.

2. Department of Veterans Affairs (VA) – Debt Management Center (DMC). Receives overpayment amounts generated by RPO on school debts. Sends three Notices of Indebtedness (NOIs) to schools regarding school debts. Takes action to clear debts or forward inactivity to the Treasury Offset Program (TOP).
   - Notice 1: Sent three to five days after debt is established by RPO. Informs school of debt amount and addresses the payment options.
   - Notice 2: Sent to school 30 days after first notice sent for past due accounts. Informs school of impending actions if the debt is not addressed. Provides an additional 30 days for the school to clear the debt.
   - Notice 3: Sent to school 30 days after the second notice sent for all past due accounts. Gives school a final warning and allows for another 60 days to pay debt. Failure to clear debt after 60 days will result in debt amount being sent to the Treasury Offset Program (TOP).

HOW TO DETERMINE THE BALANCE OF YOUR SCHOOL’S DEBT

Contact DMC at:

DMC ‘Schools Only’ email address: dmcedu.vbaspl@va.gov
DMC – Phone: 800-827-0648
