If your computer is not in compliance with the requirements, a red “x” will appear next to the Check System link. Should this be the case with your computer, please follow the instructions to bring your computer up to the standards that will work with the VA TMS 2.0.

If you do not have a social security number, or if you experience any difficulty creating a profile or completing the mandatory content, contact the VA TMS Help Desk at 1-855-673-4357.
